

COVID-19 STANDARD OPERATING PROCEDURES

Program:	PI/Lab Director
Contact name:	Bela Fejer
Contact email:	bela.fejer@usu.edu
Contact phone number:	(435) 213 5174
Room numbers:	SER 308, 310, 213

I am an individual researcher who does not have a research team as of June 30. My research takes place remotely with collaborators outside the university.

SPACE AND EQUIPMENT SAFETY

1. **DISTANCING:** I to work in my offices and at home. If I need to have face-to-face meetings, I will follow the recommended 6' distancing. I will wear a mask and ask the person(s) to do the same.
2. **EQUIPMENT:** I will be the only user of my electronic devices and will not need to use the library.
3. **STUDENT RESEARCHERS:** I will not have student researchers. I do not expect to interact with graduate and undergraduate research students, but if I do, I will follow the 6' distancing and will wear and ask them to do the same.

PERSONAL HYGIENE AND PPE

I will follow the standard good hygiene practices outlined by the CDC (e.g., hand-washing), and will limit my exposure doing my research.

TIME MANAGEMENT

As an individual researcher, I will minimize my professional interactions.

WORKER HEALTH

I will have no research team or student working with me.
